

Round II Compiled Consensor™ Results

1. My top choice for promoting healthy families in this community is to: (N=413)

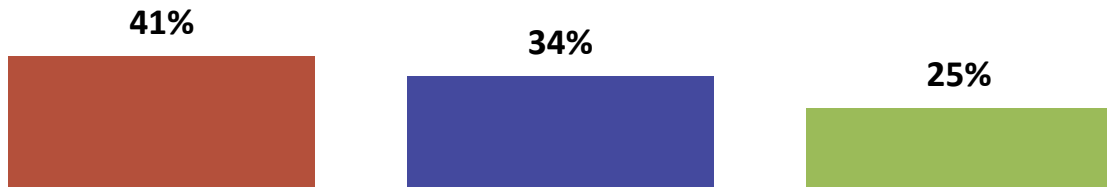

- Create community get-togethers with food and cultural celebrations
- Promote healthy eating and physical fitness through community classes and events
- Strengthen wellness efforts
- Teach parenting/relationship classes in high school

2. My top choice for promoting safety is to: (N=417)

- Strengthen wellness efforts to reduce substance abuse and family violence (such as AA and Wellness Warriors)
- Vote to limit alcohol in our community
- Increase the number of public safety officers

3. I think the best way to protect our subsistence lifestyle and resources is to:
(N=415)

- Teach our children how to fish and hunt
- Be good stewards when we are on the land and waters - drive on trails, pick up trash, only take what we can use, etc.
- Participate in public processes about fish, wildlife, and habitat (boards, advisory committees, public hearings, etc.)

4. What is the best way for us to share and pass along culture, values and traditions?
(N=409)

- Organize opportunities for Elders to teach traditional ways of knowing such as assessing the weather, reading rivers and oceans, tracking animals, using medicinal plants and berries
- Teach Native language, arts and crafts in school
- Parents and family members make it a priority in their home to teach language and Native ways of knowing
- Have regional gatherings to celebrate our Native ways and each community take turns hosting a Bi- or Tri-annual gathering

**5. Families are our children's first teachers.
My top choice for creating successful students is to:
(N=393)**

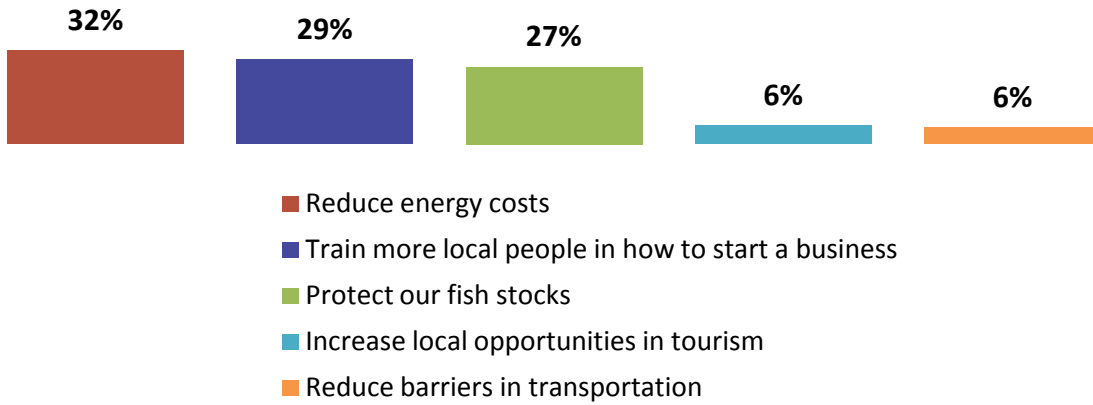

- Teach, show, and live what we expect for them
- Get our children to school on time, fed and well-rested
- Read to our children at home every day, especially from birth to age 5
- Make time at home every day for schoolwork, reading, art or crafts

**6. The best way to create excellent schools is:
(N=394)**

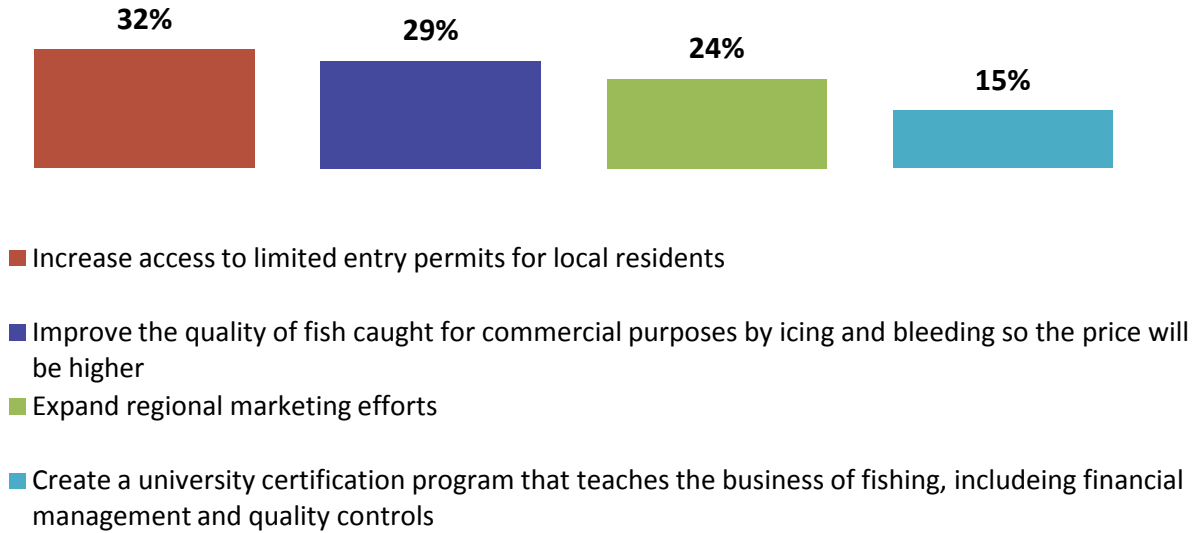

- We communicate with our schools to reflect local values and priorities
- Local schools and school districts offer higher-level courses so students are prepared for college
- Families and community members welcome school staff into the community
- Schools offer voc-ed opportunities in high school

**7. The top strategy to create a sustainable economy should be:
(N=373)**

8. What commercial fishing strategy will have the biggest impact on creating jobs or increasing income? (N=368)

**9. What is the biggest barrier to creating cooperation about future projects?
(N=356)**

- Planning joint meetings of all local councils for coordinated infrastructure planning (city, village, corporation)
- Getting agreement of the local people who need to be involved
- Getting appropriate councils to approve: village, city, corporation, borough.
- None of the above

10. The Bristol Bay Regional Vision comes from the residents of this region. It is intended to be an expression of the values that people hold about their future. Do you feel the Vision Statement expresses the values people of the Bristol Bay Region hold?
